

Cassandra Goh as the new Group CEO

Effective 1st July 2024

We are excited to announce the appointment of Cassandra Goh as the new Group Chief Executive Officer of Silverlake Axis Limited, effective July 1, 2024.

"The continued success of Silverlake Axis is a testament to the hard work of Management and Board who have gotten us to where we are today and those who will continue to drive the Company in the future. I'd like to thank Andrew and the Board for their support and mentorship. No individual can be successful without the team surrounding," shared Cassandra Goh.
"Silverlake Axis will continue to innovate our tech offerings to help our customers navigate the ever-changing tech scene."

This transition reflects the Company's strong position and the Board's confidence in its leadership team. SAL remains committed to its long-term growth strategy and delivering value to its shareholders.

World Digital Best of the Best Award

Silverlake Axis was honored to receive the prestigious "World Digital Best of The Best Award" at the 3rd World Digital Economy Technology Summit 2024, themed "Accelerating Digital Transformation for A Sustainable Future" on May 27, 2024, at Hotel Shangri-La Jakarta. This recognition not only highlights our team's expertise, experience, and execution abilities, but it also demonstrates our commitment to the Indonesian market, particularly in driving the digital transformation journey in the financial services.

Silverlake Axis wins Top Hybrid Cloud Modernisation Partner Award

Congratulations Silverlake Holdings on bagging 2 awards from the success of our enduring partnership with IBM. At the prestigious IBM 2024 Partner Connect Night in Kuala Lumpur, Silverlake Axis was honored with the IBM Top Hybrid Cloud Modernisation Partner Award for our outstanding achievements. This Awards was attended by our Group CEO & Deputy Executive Chairman, Cass Goh. Also present to receive the award was Jason Lee Khai Hoong. This recognition underscores our commitment to innovation and growth, exemplified by the outstanding results we've achieved together for over 35 years.

Congratulations

Silverlake Axis Wins Prestigious Best Data Integration and Framework Award at the Asian Banker Awards

Our partnership with UOB has earned us the Best Data Integration and Framework award at the esteemed Asian Banker Awards held in Hong Kong. This accolade recognises our exceptional work in the successful implementation of UOB's regional transformation following the Citibank acquisition.

Silverlake Axis played a pivotal role in this transformative project, leveraging our advanced data integration and framework solutions to build a more resilient business model for UOB. The transformation has not only enhanced UOB's operational strength but also achieved significant diversification in both geographical presence and revenue streams.

This award is a testament to our commitment to delivering innovative solutions that drive growth and sustainability for our clients. We extend our deepest gratitude to UOB for their trust and collaboration, and to our dedicated team whose relentless efforts made this success possible. As we celebrate this achievement, we remain focused on our mission to provide cutting-edge technology solutions that empower businesses to thrive in an ever-evolving financial landscape. We look forward to continuing our journey of innovation and excellence, setting new benchmarks in the industry.

We are pleased to announce the successful transition of Faysal Bank Limited to an upgraded core and branch banking platform, as well as its supporting infrastructure. This significant milestone, combined with the bank's shift from conventional to Islamic banking, establishes a new standard in Pakistan's financial services sector.

Silverlake Axis's Partnership with Digital Bank

We are pleased to announce a significant milestone achieved through the collaborative efforts of Tanvir A Mishuk, founder of Nagad; Andrew Tan, our Senior Advisor; and Gyorgy Ladics, our Regional Managing Director, MENASA. Together, we have formed a transformative partnership that has led to the establishment of Bangladesh's first Digital Bank. We extend our gratitude to our dedicated team and to Nagad for their unwavering support throughout this journey. As we celebrate this accomplishment, we eagerly anticipate the challenges and opportunities ahead, driven by our shared commitment to innovation and growth.

Silverlake Axis Partners with Chip Mong Group to Modernise Cambodia's Digital Ecosystem

Silverlake Axis has announced a strategic partnership with Chip Mong Group, a leading Cambodian conglomerate with a diverse portfolio that includes land and property development, hospitality, retail, banking, beverage production, construction materials, and consumer products. This collaboration highlights our commitment to expanding our footprint in Southeast Asia and marks a significant milestone in its growth strategy beyond banking technology.

> **We are pleased to work with Silverlake Axis and implement QR AgoraCloud in our daily business operations. The Group's steady collaborative streak has proved true pioneering spirits and demonstrated an innovative approach to digital expertise and implementation," said Mr. Henry Leang, Cluster President of Chip Mong Group. "Their long-standing track record of success assures us that we have the right partner to fulfill our goals.**

This partnership underscores our dedication to innovation and digital transformation, paving the way for future advancements in the region's fintech landscape.

13rd Malaysian Banking Conference by AICB

Honoured to be part of the 3rd Malaysian Banking Conference by AICB at the prestigious Shangri-La Hotel, Kuala Lumpur. This event has brought together industry leaders, innovators, and experts to discuss the future of banking and finance. Our esteemed founder, Goh Peng Ooi, captivated the audience with his insightful speech on operationalising AI, showcasing how artificial intelligence is set to revolutionise the banking industry. His knowledge and vision provided a clear path for SAL in the seamless integration of AI in banking operations.

Adding to the excitement, our Chief Executive Officer, Islamic Finance and Innovative Services, TS Othman Abdullah, took on the role of moderator for Breakout Session 1. He shared his valuable perspectives on how our collaborative team are using AI-powered alternative credit scoring for micro, small, and medium-sized enterprises (MSMEs), highlighting the deployment of machine learning to assess the creditworthiness of SMEs for loan applications. His insights emphasised the potential of AI to make financing more accessible and efficient for small businesses, driving economic growth and innovation.
