# Mr. Goh Awarded the Best ASEAN Financial Entrepreneur Excellence 2025

Mr. Goh Peng Ooi, Founder of Silverlake Group, has been awarded **the Best ASEAN Financial Entrepreneur Excellence Award** at the **ASEAN CFO Sustainability Leadership Summit 2025**.

This recognition underscores Mr. Goh's visionary role in shaping the future of finance and driving digital transformation across ASEAN. His leadership continues to inspire Silverlake's mission to enable resilient, innovative, and sustainable financial ecosystems for the region.

# Silverlake Bags Two Wins at The Asian Banker Thailand Awards 2025

We're proud to be recognised with two accolades at The Asian Banker Thailand Awards 2025 for driving financial technology innovation:

- **Best Consumer Lending Technology Initiative in Thailand** – with **AutoX**
- **Best Cloud-Based Technology Initiative in Thailand** – with **CardX Thailand**

These wins reflect our commitment to delivering innovative, scalable, and secure digital solutions that empower banks to thrive in the digital era.

# Silverlake at GIFF 2025: Revolutionising Islamic Finance Through AI

At the Global Islamic Finance Forum (GIFF) 2025 in Kuala Lumpur, industry leaders explored how AI is reshaping Islamic finance through innovation, transparency, and ethical governance.

Representing Silverlake, Goh Peng Ooi, Founder and Group Executive Chairman, joined global experts in a panel moderated by Suhaimi Ali, Assistant Governor of Bank Negara Malaysia including Chris Skinner, CEO of The Finanser (UK), Sami Mian, CEO of Blade Labs (Qatar) and Dr. Qasim Nasar-Ullah, Director of Arabesque (Singapore)

Goh emphasised the importance of data integrity in AI: **"Garbage in, garbage out,"** he said, noting that Islamic finance's principle-based framework naturally safeguards against such risks.

# Empowering Vietnam's Digital Insurance Future

Merimen has been honoured with the **Trusted Product – Excellent Service Award,** and recognised as one of the Outstanding FDI Enterprises in Vietnam.

This achievement reflects Merimen's commitment to advancing digital transformation in the insurance industry through innovative solutions such as **ePolicy** and **eClaims** — helping insurers streamline operations, enhance transparency, and deliver exceptional customer experiences.

Congratulations to Thien Do and Hoang Tran, for leading this success and driving meaningful impact across the market.

# Powering Tech Innovation in ASEAN

Silverlake continues to support our long-standing partnership with IBM by participating in IBM POWER11 launch marking a key milestone for the ASEAN region. A big congratulations to the IBM ASEAN team for a successful launch and thank you for the opportunity to contribute to such a dynamic conversation on hybrid cloud futures.

**Power11 Launch in Indonesia, Singapore & Malaysia**

Silverlake alongside leaders from Crest and EDB, in the fireside chat shared valuable insights on how POWER11 enables full-stack innovation for AI, modernisation, and hybrid cloud environments that powers our solution for resilience. As a long-standing partner of IBM, Silverlake supports the IBM POWER11 launch in Malaysia, Indonesia and Singapore marking another important step in delivering resilient, AI-ready infrastructure to support mission-critical solutions.

# CUSTOMER
## Milestones

# Silverlake's Successful Cutover with Bank Mandiri Taspen

Silverlake is delighted to announce the successful core banking cutover at Bank Mandiri Taspen, Indonesia - a significant milestone in our long-standing partnership.

This achievement reflects the dedication, collaboration, and commitment of both teams, working hand-in-hand to ensure a seamless transition. More than a technology upgrade, this success is about empowering people, process and technology enabling Bank Mantap to serve its customers with greater efficiency, resilience, and innovation.

We extend our sincere appreciation to the Bank Mantap leadership and project team, as well as our Silverlake colleagues, whose hard work and perseverance made this transformation possible. Together, we are shaping the future of banking in Indonesia.

# Silverlake Completes Successful System Cutover with GH Bank

At Silverlake, we believe that true transformation is not only about technology, but it is about the people who bring it to life.

Our successful technology refresh and system cutover with Government Housing Bank (GH Bank), Thailand, is a reflection of this belief. Behind the milestone lies months of preparation, collaboration, and commitment from both GH Bank and Silverlake teams, all working with one shared purpose: to deliver seamless, reliable, and future-ready banking experiences.

This achievement wasn't just about upgrading systems - it was about building trust, strengthening partnerships, and creating impact for the customers who rely on GH Bank everyday.
We extend our deepest appreciation to every individual who contributed their expertise, energy, and dedication to this journey. Together, we are proving that innovation, when powered by people, creates lasting change.

# Strengthening Partnerships is at the Heart of What We Do at Silverlake

Our recent visit to Sompo Thailand joined by Sebastian Tan from Merimen, we had the privilege of sitting down with CEO Khun Aditya Vardhan Tibrewala and his leadership team.

The conversations went beyond business updates. They were about understanding evolving needs, exchanging ideas, and exploring how Silverlake and Merimen can bring greater innovation to the Thailand market.

We're grateful for the continued trust Sompo Thailand places in our partnership. Together, we look forward to co-creating the future of insurance innovation in the region.

# PARTNER Highlights

## Silverlake Hosted an Executive Roundtable in Collaboration with IDC Jointly with IBM

Silverlake together with IBM at the IDC Financial Services Executive Roundtable 2025 in Kuala Lumpur — bringing together Malaysia's top banking leaders.

The theme, "Balancing Malaysian Banks' Need for Resilience and Growth: Painting the Path for AI-Driven Transformation", sparked insightful discussions on how financial institutions can embrace innovation while staying resilient in a rapidly changing digital landscape.

Representing Silverlake, Soo Eng together with Dr Ashish Kakar shared his perspectives on how banks can strategically harness AI to drive resilience, unlock growth, and reimagine customer experiences.

This collaboration with IDC gave in depth insights on the impact of current trends that is shaping the future of banking. Where resilience meets growth, leveraging on technology and using AI in power the next wave of banking transformation.

## Merimen Showcases Leadership in Claims Innovation at Vietnam Insurance Summit 2025

Merimen had the opportunity to share how innovation is shaping the future of insurance at the Vietnam Insurance Summit 2025.

During his session, Sebastian Tan spoke on **"Claims Innovation as the Key to Sustainable Growth: Success Stories Across Southeast Asia"**, where he shared how AI-driven innovation is redefining claims processes and delivering real impact for insurers across the region.

We're especially proud of our Vietnam team, whose commitment to building strong partnerships continues to advance insurance innovation in the market.

# Silverlake Honoured with Huawei's Technology Pioneer Award

Silverlake was honoured at the **Huawei World Connect Forum 2025** in Shanghai. As a leading ASEAN Fintech company, we are proud to receive the **Technology Pioneer Award.** This recognition underscores Silverlake's commitment to shaping the future of financial services. The forum also showcased Huawei's groundbreaking innovations, including next-generation **AI chips, Atlas 900/950 SuperPods, and advanced computing architecture,** setting new benchmarks for AI infrastructure.

Our participation highlights the strength of Silverlake's partnership with Huawei Cloud as we advance digital banking transformation across MENASA and Southeast Asia with AI-driven, cloud-native solutions that empower financial institutions to innovate, operate efficiently, and deliver enhanced customer experiences.

# Silverlake Shaping the Future of AI Innovation Across APAC

We are honoured to collaborate with Huawei Cloud as Ts. Dr. Othman Abdullah CPIF represented Silverlake alongside visionary partners at the Huawei Cloud AI Ecosystem Summit APAC 2025, launching the Huawei Cloud APAC Industry Deep-Dive AI Initiative.

This initiative marks a significant step forward in accelerating digital transformation across industries such as internet, finance, and beyond. By working hand-in-hand with Huawei Cloud, Silverlake is committed to building an open, collaborative, and sustainable digital ecosystem, driving scenario-specific innovation, strengthening industry capabilities, and delivering greater value to customers across the region.
